

Special thanks to The Community Foundation of Greater Grande Prairie,

Who will be working with in Raising Money for the community at this amazing event!!

To learn more about the amazing work they are doing visit www.buildingtomorrowtoday.com

Kev's Kid's

"It takes a community to raise a child"

Kev's Kids was created by Sun FM to help raise funds for 'needy' kids in Grande Prairie area. Sun FM publicly celebrates the generosity of groups and individuals from our community. Kev's Kids has used the community donations to fund field trips, snack programs, cloths and coats, car seats, hearing aids, day cares, travel, medical costs and more!! To read some of the amazing things Kev's Kids has done for our community check them out at www.sunfm.com (Just click the Kev's Kids logo)

You too can bring a smile to a Childs face or bring comfort in times of need, support kev's kids, support our Future!!

Odyssey House

"A refuge from the storm, A safe place to be held and heard, A time to reflect and recover."

They are a gift to those who need them but a sad reality that there are women and children that need refuge in our community. It is by helping one another and bringing awareness to women, children and family needs that we grow as a community of consciousness.

Help women and children take the steps to personal power. Donate Today

AS well as Money donations, we will also be accepting NEW blankets, toys, pillows and clothing. For more information please contact us today!

Ordinary People Doing Extraordinary Things!!

***Roberta Brunin
and
Amanda Dennison***

Ask for your support in Grande Prairies 2nd.....

Record Breaking Fire Walking Challenge

"We hope to "spark" your generosity and encourage your donations in support of Kev's Kid's and Odyssey House

Our Goals

- To Create fresh awareness and Inspire people to live their dreams ! When people understand exactly how powerful they are (everyone can walk on fire) and what they are capable of accomplishing, the better life becomes.
 - To Raise \$9000.00 and awareness for local Charities (Kev's Kid's and Odyssey House)
 - To Walk safely over 300 feet of hot coals.
- To Ignite the spirit of cooperation and to be an example to our community and colleagues that together we are stronger!
 - To Inspire people to understand that "We are all ordinary people capable of doing extraordinary things!"
 - And most importantly.... To have Fun!!

A Little Bit About Ourselves:

Roberta Brunin

I was introduced to fire waling at an Anthony Robbins Seminar in 1999. In 2002 I found "Sundoor School of Transpersonal Education", which is where I was Trained to instruct people to walk safely over hot coals. I am also a certified Clinical Hypnotherapist and Master Hypnotist. I have walked on fire over 300 times and I have only had one burn that really hurt. This is My Third year of offering public firewalks here in Grande Prairie. It is an amazing and powerful experience. One of the things I am truly grateful for is my colleague Amanda Dennison. With both of us in the community offering firewalks it helps get the word out quicker. Plus we are building a powerful friendship and business connection. We share many values and ideals' that support each other and our community. She is an amazing and wonderful Lady.

Amanda Dennison

I have been fire walking now for almost 5 years now, it has truly become one of my own favorite pastimes as well as a driving passion. I grew up knowing that fire walking was something we were all capable of as my Father walked on fire at a seminar in 1988. I absolutely fell in love with it the second my feet touched the coals at my very first walk and I have now walked hundreds of times. I was certified as a Fire Master in 2004 in California by a wonderful man by the name of Tolly Burkan. Tolly is the founder of the Fire Institute of Research and Education and his students include hundreds of people from around the world including both Anthony Robins and Peggy Dalen. Partnered with my Mom Trish Dennison, also a Fire Master, we have been offering Fire walking Classes all over Alberta and B.C. for the past few years. On June 15th 2005 I successfully set a new Guinness World Record for fire walking by walking over 220 feet of hot coals. It was an amazing event and I could not have done it with out the help of Roberta and those who came out to support my walk. As well as being a Fire Master I am also a Reiki Master/Practitioner (10yrs+), a Breakthrough Coach and soon to be Certified Life Skills Coach. I want to thank Roberta Brunin for inviting me to once again participate in this amazing event, she has been an inspiration to me on this journey of self discovery and I am excited to share this walk and honor with such an amazing woman! Thank you Roberta

What it is going to take:

- *A lot of Wood and Sod * Cooperation * Focus * Commitment * Trust and Faith * Dedication * A lot of Sponsors * A dedicated team of workers * And an amazing Committee helping to make this happen (Our Creative Core)

Why we are Walking :

Roberta Brunin

I am walking because last year at Amanda's Record walk I said to her "wow, I wish I would have thought of challenging the record!" And before I even thought about it I said to her " I am going to break your record next year!" Scott Bell of the UK recently broke Amanda's Firewalking record by walking 250 feet. So here we are 'A team of Colleagues'! Bringing the record back to Grande Prairie as a Team, hand in hand! We are also walking for fun! It is simple, I like a challenge and I love to dance on the fire. At the same time if it helps raise money and awareness for local charities I think that is even better!

Amanda Dennison

Once again I am just honored to have been invited by Roberta to walk with her on this amazing journey! It is my dream to continue to inspire people to live their dreams and look to discover what they are truly capable of. I truly believe anything is possible, one step at a time! Go for it !!

Ordinary People Doing Extrodinay Things!! World Record Breaking Fire Walk

**Come support Amanda Dennison and Roberta Brunin
As they Challenge the Guinness World Record
In FireWalking by walking over
300+ feet of red hot Coals!!**
